Advanced Menu

Advanced Menu allows the user to create or remove an actor and or a movie, from their respective tables, within the MariaDB database .

To create an actor, simply interact with the '**create**' button.

To remove an actor, simply Interact with the '**Remove**' button.

Duplicates are not permitted and therefore if a duplicate entry is created, it will be overwritten.

The aforementioned points apply to the Movie section also.

Upon creation the user is presented with the following customised prompt.

Save Successful: 'Robin Williams'.
